

CAMBRIDGE
MIDDLE SCHOOL NETWORK
2014 SUMMER
OPPORTUNITIES
RESOURCE GUIDE
FOR 6TH, 7TH, AND 8TH GRADERS

THE
Agenda
for
Children

**What You Should Know About Summer Opportunities:**

1. Summer vacation is 10 weeks long and is a good time for middle school-age youth to try new things and pursue new or existing interests and skills.
2. There are many quality summer opportunities available to all Cambridge youth inside and outside the city that are enriching, structured, and safe.
3. Many opportunities have firm deadlines and fill up quickly – it is better to apply/register NOW and decide later than to wait. (Remember to inform the program if you are no longer considering it).
4. Some opportunities are free, and even those with a cost often have financial aid and scholarships money available – just ask! (And we can help negotiate with some programs.)

What You Should Know About This Resource Guide:

1. The information is subject to change – for the most current and accurate information, please contact each program/opportunity directly.
2. There is no guarantee of available space, even if you apply before the deadline listed.
3. Opportunities are listed by neighborhood/location, but are available to youth throughout Cambridge unless otherwise noted.
4. The Cambridge Middle School Network (MSN) is *not* responsible for the administration of any of the opportunities listed in this Guide and strives for accuracy in all of the information provided.

What You Should Know About the Middle School Network:

The Cambridge Middle School Network (MSN) promotes access to, participation in, and coordination among middle school serving out-of-school time (OST) opportunities as part of the citywide goal *to ensure broad participation of Cambridge's middle school youth in quality OST experiences that foster both their present and future learning and life success.*

MSN is part of the Agenda for Children's OST Initiative, which is a partnership among the Cambridge Public School District (CPSD), the Department of Human Service Programs (DHSP), and the larger community of Cambridge OST providers.
